

## Wi-Fi Smart IP Camera | Outdoor | Waterproof | Full HD 1080p

### General information

Home automation just got simpler. This easy to use Smart Outdoor IP Camera can be simply connected to your existing Wi-Fi network to monitor the outside areas of your house and record any sound or motion.

#### HD Resolution

It records in Full HD resolution (1920x1080 pixels) for complete clarity of the images captured. In addition, the camera is just as powerful at night: with its night vision mode offering a range of 15.0 m.

#### Waterproof

Fully contained in an ultra-resilient waterproof housing, this IP camera records to microSD cards with a capacity of up to 128 GB (not included).

#### Crystal-clear

Recording HD videos and images at 1280x720 pixels by its 1/3" CMOS sensor for a crystal-clear resolution, the camera is triggered when sounds or motion are detected.

#### Two-way communication

It is possible to communicate via the camera as two-way speaking and listening is enabled – meaning it can be used in a similar way to a telephone when people are in range.

#### Easy set up

A camera mount is supplied with the unit and its quick start guide ensures you can have it installed in no time at all.

#### About Nedis® SmartLife

Discover a wide and ever-expanding range of products - such as bulbs, switches, sockets, sensors, and cameras - that can all be controlled through an easy-to-use and intuitive app. With voice control features supported by Amazon Alexa and Google Home, and no need for anything more than your existing Wi-Fi network, this is the connected, smart home made simple.

Whether you're looking for a single smart bulb or socket, or
